

Regulate™ Plus is a dual action wetting agent and penetrant. The results are even water movement throughout the soil, reduction of localized dry spots and consistent water dispersion within the root zone. Applications of **Regulate™ Plus** promote even “wetting” and even “drying” of the soil which improves water management.

Regulate™ Plus contains Salicylic Acid (SA). Salicylic Acid (SA) enables the turf tissue to retain more water and enhances the plant’s immune system to react faster to stress recovery. The results are an improvement in the plant’s ability to recover from heat and drought stress.

- Perfect for spot treatment of dry spots on greens, tees, bunker banks, and fairways.
- **Regulate™ Plus Pellet** is a 100% blend of proprietary surfactants and salicylic acid
- Pellets are suitable for hand watering with most hose end applicators
- Each pellet is suitable to treat an area of 8,000 sq ft - 10,000 sq ft
- Pellets will be effective for 3 - 4 weeks and can be applied as often as needed
- **Regulate™ Plus Pellet** are 8 ounces and come individually packaged in boxes of 12.
- **NON PHYTOTOXIC**

General Information

Regulate™ Plus Pellet is formulated to reduce the effects of Localized Dry Spot caused by hydrophobic soils by increasing both the rate and depth of water infiltration into the root zone for extended periods of time. Because **Regulate™ Plus Pellet** provides proven performance over hydrophobic soil conditions and localized dry spots -- better drainage and deeper, more even root growth is achieved.

- **Weight per Pellet: 8 oz. (226.796 grams)**
- **Derived from: Proprietary blend of advanced surfactants and salicylic acid**

Regulate™ Plus Pellet is a trademark of JADA Corp. and formulated by them.

Regulate™ Plus Pellet Super Water Holding Agent & Penetrant

Regulates even water penetraton while
reducing Localized Dry Spots (LDS)

Directions for Use:

One **Regulate™ Plus Pellet** covers approximately 8,000 - 10,000 sq. ft. of turf. Severity of localized dry spots, water temperature, and water pressure and application technique may cause coverage to vary.

Application Rates for Regulate™ Plus Pellet	
Pellet Size	Pellet Coverage in Sq. Ft.
8.0 oz	8,000 - 10,000

Caution:

Keep away from children and domestic animals. Avoid contact with eyes, open cuts, or sores. Harmful if swallowed. External: Flood with water. Internal: Induce vomiting. Contact a physician immediately.

Storage and Handling:

Store in a cool, dry place. Keep container tightly closed. Do not add water or other material to the container. Do not contaminate water, food, or feed by storage or disposal. Do not store near acids or other acidic materials.

Store above 32° F. Do not allow to freeze.

Available Container Sizes:

12 x 8 oz pellets per Case
