

Magnesium 4% Glucoheptonate Chelate

Guaranteed Analysis

Magnesium (Mg) 4.00%
4.00% Chelated Magnesium (Mg)

Derived from Magnesium Glucoheptonate Chelate

Green-T® Magnesium 4% is a chelated secondary element for prevention and correction of nutrient deficiencies.

The glucoheptonate chelate of **Green-T® Magnesium 4%** prevents the micronutrient from binding with other nutrients such as phosphate. By keeping the magnesium available for an extended period of time, the results are a long-lasting, deep green plant.

- Weight per gallon: 10.7 lbs. (4.9 kg)
- Each gallon contains: .428 lb Magnesium
